

**CITB – Site Safety Plus - 1 Day Health & Safety Awareness**

The CITB Site Safety Plus 1-Day Health & Safety Awareness course is designed for those who have entered, or are about to enter the construction and civil engineering industry as a member of the work force, to help them understand the potential hazards that they face at work on site.

**Suitable For:**

Those who have entered, or are about to enter the construction and civil engineering industry

**Aims And Objectives:**

To ensure that individual responsibilities are understood:

- Why they are carrying out their identified duties?
- What is expected from them
- To ensure that they contribute to the safety of the workplace

At the end of the course, delegates will be able to:

- Understand the need to prevent accidents
- Understand health & safety legislation
- Identify how their role fits into the control and management of the site
- Understand the need for risk assessments and method statements

**Course Content:**

- Basic Understanding of health & safety
- Duties and responsibilities
